Dear Jim,

What can I possibly say to adequately thank you for helping to make *A Sterling Event* such a huge success? You are a star among not just auctioneers, but among people.

Because it was our first major fundraiser for the foundation, it was important to me and our Board that the event made the very best first impression possible to our donors. After having worked with you in 2004 for the Katie Couric event, we knew there was no one better to serve as our auctioneer this year. You certainly did not disappoint. We understand you even made contact with some of our attendees who are also booking you for their future fundraisers. Bravo!

Thank you for taking time to help with the entire auction planning process. Our success would have been impossible without your help. We look forward to working with you on next year's event!

The mission of A Silver Lining Foundation, "ensuring access and treatment options to underserved individuals affected by cancer."

There *is* a silver lining

From my heart, *and a big kiss*
